Please Join us on Wednesday, March 18th at the Arrowhead Gallery in St George, UT for a discussion with Cole Atencio, a recyclable debris artist, and learn how you can help clean up your neighborhood, local parks, and show pride in your community. Challenge your friends and family to clean up the community and create a piece of art out of the recyclable items you gather to enter in a judged art show in April to coincide with Earth Day. Art show to be held at the Art Provides Gallery at 35 Main, SG with cash prizes. Watch for guidelines and entry forms on the SUAG website.

Creating beauty with bold decisions and the courage of love in action.
